Executive:

**General Directorate of Competition
Consumption Frauds' Repression
(DGCCRF)**

- competences in putting on sale
- net of region and department directorates

France Co-ordinated Programm

Technical:

- Tasks distributed by DGCCRF to the departments in specific form remembering the regulation and directives required for the objective
- 2 options one for survey the other for control
- Directorates in Department for sampling
- Net of State's labs with minimal equipment and private labs for specific analyses.

Results:

- Summarized by the SCL and technical bureaus of DGCCRF
- Transmitted by the DGAL to the commission
- No information about the follow up of non conformity in the control area which is the competence of Department Directorates and/or precursor
- Non conformity in survey introduces a new sampling.

France RAS

French issues

- Labs have no competences in launching a RAPS
- DGCCRF and DGAL Technical bureaus take decisions
- Criteria of toxicity before the aim of the directive
- On exported commodities
- Non exported commodity is relevant from French laws.

Issues from EU member States

- Decision of follow up launched by the contact point
- Transmission to DGCCRF
- Enquiry at import points by department directorates.
- Sampling if enquiry is positive
